

Entrex TIGRcubs™ offer investors cash-on-cash returns from private companies.

Entrex TIGRcubs™ are a hybrid (neither equity nor debt) financial instrument designed to harness returns from \$5-250 million (and larger) growth oriented companies.

What is an Entrex TIGRcub™?

- TIGRcubs™ is the brand name of the Entrex patent pending “Top-line Income Generation Rights Certificates”
- TIGRcubs™ operate simply by exchanging a sum of capital for a fixed percentage of a company’s top-line revenue for an agreed upon period of time
- TIGRcubs™ offer a standardized structure whose terms vary as a function of the issuer’s operating history and forecasted growth
- TIGRcubs™ provide an efficient & simple structure for capital transactions of \$1-10 million and greater

The TIGRcub™ Advantage

- Monthly/quarterly current income
- High cash-on-cash returns
- Returns not dependent upon a sale or company IPO
- Inflation hedge
- Upside returns if revenues exceed projections or companies redeem the contract
- May be combined to create diversified portfolios

TIGRcub™ Opportunity for Investors:

- Diversify your investment portfolio with private company interests
- Capitalize on a sub set of private sector companies with three-years proven historical growth
- See risk adjusted cash returns from the first quarter after investment
- Enjoy Entrex support and servicing functions that help you understand, manage and value your investment
